MESSAGE FORECAST.

What President Cleveland Will Say to Congress.

HIS FAREWELL PUBLIC DOCUMENT.

Foreign Affairs Will Claim Considerable Attention—Nothing Radical on the Cuban Situation Is Looked For—Retirement of Greenbacks and Sherman Notes Will Be Recommended.

NEW YORK, Nov. 28.—A special to The Herald from Washington says: "President Cleveland has been devoting a great deal of time to his annual message during the last week, and now has it well in hand, so that it can be finished in a couple of days.

"This message is expected to be one of the ablest public documents Mr. Cleveland has written during his two terms. It will be, in a sense, his farewell to the American people as their chief executive, and there is little doubt that he will embrace the opportunity to mark out the course he believes ought to be followed by the national government for the maintenance and advancement of the honor and prosperity of the country.

"Foreign affairs will naturally claim considerable attention and the president will have an opportunity to congratulate congress and the country upon the solution of the Venezuelan boundary controversy in a manner honorable and satisfactory alike to the United States and to Great Britain and Venezuela. The condition of affairs in Turkey will be discussed in detail, and the president will be able to show that the ordinary diplomatic agencies have sufficed for the protection of American life and property in the Turkish empire.

"The last paragraphs of the message to be written will be those dealing with the situation in Cuba. He will avail himself of the latest possible information as to the military situation on the island, and the prospects for the early success or failure of the insurgents may have much to do with shaping his policy. Present indications are that he will make no radical recommendations on the subject. Other foreign questions in which the United States are interested will be touched upon briefly.

"Secretary Carlisle is preparing data looking to a recommendation for increasing the revenue of the government by imposing revenue duties on tea and coffee, and by increasing the internal revenue tax on beer. The president will doubtless express his approval of these recommendations.

"The financial reform recommendations of the message will be along the line of Mr. Cleveland's former recommendations and will have as their basis the advocacy of the single gold standard as the foundation of the monetary system of the country. The retirement of the greenbacks and the Sherman notes will be recommended, so as to take the government entirely out of the business of issuing promissory notes. Banking reform will be recommended at the same time, to enable the banks of the country to issue circulating notes which will be safe and which can be expanded or contracted in volume to meet the needs of the business of the country.

"Mr. Cleveland is alive to the necessity of continuing the expansion of the navy and of constructing coast defenses to put the country in a condition to resist foreign aggression, and the recommendations on these lines made by Secretaries Lamont and Herbert in their annual reports will be seconded in the message."

WEYLER AGAIN TAKES THE FIELD.

His Objective Point Not Stated by the Censorship Dispatches.

HAVANA, Nov. 28.—Captain General Weyler left Havana at 12:30 o'clock yesterday morning for Mariel on board the transport Legazpi. He was accompanied by his chief of staff and adjutant. The other members of the general's staff left Havana by train in the forenoon for Artemisa.

At Mariel the captain general was received by the authorities and large crowds of people. He immediately started for Artemisa, and on arriving there visited the hospitals, found them in an improved sanitary state and the health of the troops generally better. From Artemisa the captain general went on to Vuelta Abajo by train, leaving the cavalry and the brigadier general, Calixto Ruiz, to join him later.

General Echague is recovering from his wound in the thigh. It has been determined upon medical consultation not to extract the ball. General Weyler is accompanied by his chief of staff, General Escrivano and his aide-de-camps.

C. B. Pendleton, a correspondent of a New York paper, was arrested here while upon the point of embarking for Key West on the steamer Aransas. It is believed that his detention is due to the fact that there was something wrong with his passport or other papers.

Seventy-four Nanigos and 80 cattle thieves and several political offenders will be dispatched to the African prisons tomorrow.

Excited Over Pendleton's Arrest.

JACKSONVILLE, Fla., Nov. 28.—A special to The Citizen from Key West says the Cubans of that place are greatly stirred over the arrest in Havana of C. B. Pendleton. It is claimed that any harm done him in Havana will be reciprocated by an attack on the Spanish consulate at Key West. Pendleton sent word by the steamer Aransas that he would telegraph yesterday concerning

certain matters, but nothing has been heard from him. The people will wait the arrival of the Olivette before any action is taken.

Havana Measles.

JACKSONVILLE, Fla., Nov. 28.—News came from Havana last night that orders had been issued doubling the guards at the fortifications around the city, and that news has reached the captain general of the presence of large guerrilla forces near the city.

The trocha was forced twice this week, each time large bodies of Cubans crossing with slight loss.

Weyler Wants More Troops.

MADRID, Nov. 28.—General Weyler has made an urgent request for a regiment of cavalry, and these troops will sail for Cuba Dec. 2.

A HOLDUP FIASCO.

The Bigleader of the Gang Was Taken and Put in Jail.

KANSAS CITY, Nov. 28.—At midnight four men, led by Oscar Bridges, said to be a bridge and parachute jumper of more or less notoriety, made an unsuccessful attempt to hold up and rob a street car filled with passengers, bound for Independence.

The coolness and courage of Motorman A. T. Rollins and Conductor Lloyd Jackson doubtless saved the passengers from being robbed. Motorman Rollins said that he thought at first that Bridges was joking, but when he saw the polished barrel of a 45-caliber revolver pushed against his breast and heard the order to "hold up your hand" repeated, his hands went up.

At this moment the robber glanced back into the car, evidently to see whether his confederates were doing their part. For a second his eyes were off the motorman. Quicker than a flash the hands came down and Rollins swung his left fist around and landed a blow under the left eye of his captor, knocking him headlong against the controller. The motorman grabbed the revolver as Bridges fell. The quick move saved the motorman's life, for Bridges pulled the trigger as he went down and Rollins caught the index finger of his left hand between the hammer and the cartridge. Rollins caught the robber by the throat and choked him until he released his hold on the revolver and finally gave up the struggle.

After reaching Independence, Bridges was placed under arrest, and brought here. After spending two or three hours in the "sweatbox," he gave his identity and that of his pals. Four months ago Bridges gained considerable notoriety by leaping from the top girder of the Hannibal bridge here into the Missouri river and swimming out safely. At the time he displayed accounts of his high jumps in other cities and also a number of letters from a firm of aeronauts and parachute jumpers of Cincinnati.

His pals were Eugene Ridgeway, Ernest Ridgeway and James Repine, all under 22 years of age. The Ridgeways live at Sheffield, a suburb near the scene of the hold-up. Eugene is a barber and Ernest is a professional high diver, who has filled engagements at the local parks. Both have hard names. Repine, who is 21 years old, comes of respectable parents, who live at Centropolis, near Kansas City.

The gang, which made its headquarters at Centropolis, are believed by the police to have been in the hold-up of the Chicago and Alton train at the Glendale cut, near here, about a month ago, and are wanted for other depredations. It is known they planned to rob the last car on the electric line a few weeks ago at exactly the spot where they stopped the car. A man who was in the confidence of the gang told County Marshall J. B. Keshler of it and he and a force of deputies watched for the bandits till after midnight.

The same gang made preparations to hold up the Denver night train on the Missouri Pacific at Leeds Cut last Thursday night and again the marshal and a force of railway police waited and watched, but the bandits learned of the trap and postponed the robbery.

Two Others Arrested.

LEAVENWORTH, Kan., Nov. 28.—Alex Repine and Ernest Ridgeway, wanted in Kansas City for holding up an Independence electric car and who were in the recent Alton hold-up, were arrested here and were rushed off to Kansas City at once.

FRANK JAMES' AMBITION.

He Is Willing to Be a St. Louis Police Commissioner.

ST. LOUIS, Nov. 28.—Frank James, brother of Jesse James, the notorious train robber and ex-member of the James gang of outlaws, is an aspirant for the honors of a St. Louis police commission and Chief Harrigan will be his friend in the race. The ex-outlaw declares himself a candidate.

"I'm not after office," he said, "but I'd take the place if it were offered to me. And if it were given to me I would do my duty without fear or favor."

"What kind of a police commissioner do you think Frank James would make?" was asked of Chief of Police Harrigan.

"First rate," answered the chief. "He would make a good officer."

Under Arrest For Murder.

NASHVILLE, Ind., Nov. 28.—Daniel Hawkins and James Pruitt, accused of the murder of Aaron David, have been placed under bonds, pending grand jury investigation. There was a feud between the men, and on the 31st of October it is alleged that the defendants found David in a saloon and assaulted him so severely that he died two weeks later. The deceased was a brother of Samson David, ex-sheriff.

EPWORTH LEAGUERS.

General Conference Being Held In Columbus.

A THOUSAND DELEGATES PRESENT

A State League Likely to Be Formed Which Will Change the District Organization—Hyrax Acts of a Murderer—Heavy Suit For Damages—Other Ohio State News Dispatches.

COLUMBUS, O., Nov. 28.—The fifth general conference of the Epworth league of Ohio and Kentucky is in session in this city. There are about 1,000 delegates in attendance. Rev. Heber D. Ketcham of Hillsboro is the president, William E. Brooks of Cincinnati secretary, and C. E. Cornell of Cleveland treasurer.

A matter of considerable importance to be presented to the league will be the forming of an Ohio league. A committee has been considering the matter for some time and as a result a report has been prepared to be presented to the convention. Kentucky recently formed a state league and should Ohio do likewise as it now exists is likely.

Tortured Before Murdered.

ST. CLAIRSVILLE, O., Nov. 28.—Washington Rinker was tortured horribly before he was murdered by James Wilson near here Tuesday, the coroner's inquest discloses. Williams, powerful man, much larger than his victim, tried to drown him in the rainbarrel, and then pursued him to a smokehouse, the interior of which is bespattered with blood. Williams finally followed Rinker into the public road, where he beat him to death with a poker. It is said that Williams tortured his victim for two hours.

RATE ON IRON, STEEL AND COAL REDUCED.

CLEVELAND, Nov. 28.—Railroads connecting Lake Erie with iron, steel and coal producing districts will be required to reduce the carrying charges of these commodities. Andrew Carnegie has asserted over his signature that the railroad from Conneaut to Pittsburgh, in which he is interested, expects to make the investment pay on a basis of three mills per ton a mile, which means that he believes iron ore can be transported to the furnaces for about 45 cents per ton. The present charge is \$1.05.

Heavy Suit For Damages.

CHILLICOTHE, O., Nov. 28.—A damage suit for \$30,000 has been filed against the Baltimore and Ohio Southwestern Railroad company by Mr. John Murphy. Murphy was in the terrible wreck at Schooley's the first of this year and was rendered a cripple for life by injuries to his spine. The accident, he claims, was caused by the neglect of the company to have the switch lamp lighted, which would have prevented the accident.

Shot by a Constable.

BELLVILLE, O., Nov. 28.—At Beallsville, O., a small town on the Bellville, Zanesville and Cincinnati railroad, Ross Miller, constable, shot and dangerously wounded Charles Johnson. Miller was hauling corn fodder along the road when he met Johnson. After talking a few minutes a fight ensued. Johnson started to get on Miller's wagon, when Miller shot Johnson, the ball entering the mouth and coming out under the left ear.

Baptist Missionary Fraud.

ATHENS, O., Nov. 28.—Recently a stranger, giving the name of Phillips, made his appearance at Albany and represented himself as a Baptist missionary. He obtained considerable money from Baptists. A few days ago he left the city. Two West Virginia officers have put in an appearance with warrants for Phillips' arrest on charges of forgery and robbery. He escaped from the jail at Morgantown, W. Va.

Albert Frantz's Trial Set.

DAYTON, O., Nov. 28.—The defense of Albert Frantz, the accused murderer of Bessie Little, is about ready to present its case, and Judge Kreitzer of Kreitzer & Kreitzer will, if the state is ready, begin the trial on Dec. 7. The trial will certainly be the occasion of great excitement and interest.

Believed to be Crazy.

GREENVILLE, O., Nov. 28.—A man believed to be a minister is held in jail for identification. He is apparently insane. At Yorkville he insisted on giving his lectures on the public road. His distorted face and frenzied manner frightened people there.

Miners Quit Work.

MALVERN, O., Nov. 28.—At Sherodville, this county, the coal mines have been closed. The miners to the number of 350 refused to accept the 45-cent rate. They have up to the present been receiving 61 cents.

Another Hunter Killed.

CORNING, O., Nov. 28.—Lewis Wishman of this place went hunting and was accidentally shot. He was taken to Columbus on a special train, but after he reached the hospital there he died.

LAPORTE, Ind., Nov. 28.—A dispatch from Union Mills says that Kidder Miller, 15 years old, was shot and probably fatally wounded by Rubie Hensel, a boy several years his junior. The shooting was accidental, and was due to the belief of Hensel that the weapon was not loaded.

DUN'S REVIEW OF TRADE.

Business Revival Being Kept Up in All Parts of the Country.

NEW YORK, Nov. 28.—R. G. Dun & Company's weekly review of trade says: When the rash of orders after the election slackened many began to think business dwindling. Subsidence of deferred orders is not decrease of business. Broadly speaking, the gain has been greater than anybody expected, and it is not surprising if a small part of it is in excess of the present consuming demand.

Reports from all parts of the country show clearly the enlargement of trade, not at all points in the same branches, but everywhere helped by a more confident feeling. Extremes of weather have made the week not altogether good for retail trade, but in that line also there is improvement on the whole.

Wheat has risen over 6 cents for the week, without material change in foreign advices, which have been on the whole less stimulating.

Western receipts are falling behind last year's, and for four weeks past have been only 19,012,584 bushels, against 27,902,027 last year, while the exports, flour included, have been 6,270,981 bushels in the same week, against 6,265,018 last year, and are not large enough to create excitement. But 13 cargoes have left Tacoma in November and 30 have left San Francisco, with 12 more loading and 40 engaged. The milling demand in the Atlantic states is also large, and at four western cities the output of flour in five weeks have been 2,655,415 barrels, against 2,613,300 in the same weeks last year. Corn has sympathized with wheat only a little and is coming forward freely. The most important factor in the wheat market is that the visible supplies do not gain as much as has been expected.

Cotton has gained only a sixteenth, after its considerable decline, and the tolerable heavy movement puts the speculators for an advance in constant difficulties, and yet there is still time to be remembered the fact that the crop was nearly one month earlier than usual, and the present excess over last year's movement may be materially reduced hereafter. Nevertheless the fact appears that the northern mills are taking much less cotton than in previous years, and the demand for goods is evidently disappointing.

Wool was and is still bought largely for speculation and earlier purchasers are unloading on the latter, but the mills are not yet doing much more than in October. A few more have been started, but there is scarcely more demand apparent for staple goods. Including speculative operations the sales of wool have been for four weeks 37,814,100 pounds, of which 26,912,000 were domestic, against 24,296,050 last year, of which 13,381,750 were domestic, and 24,371,821 in 1893, of which 21,639,696 were domestic. But the producing capacity in operation does not seem to be half the capacity of the works, and the stoppage of several large carpet mills within the last 10 days is of importance.

The collapse of the nail combination and probably of the beam combination, and considerable reduction in quotations for nails and beams, give reason to look for a larger demand for products of iron and steel, but at present the sales against speculative purchases made some time ago are depressing prices and Bessemer pig has sold at \$12.25, and according to some reports a little lower at Pittsburgh. The demand for such products as are not controlled by the combinations is somewhat increasing, but by no means as rapidly as expected.

In minor metals tin is scarcely as strong as it was a week ago, but copper and lead are stronger.

Failures for the week have been 300 in the United States, against 279 last year, and 38 in Canada, against 47 last year.

Elevator Destroyed by Fire.

ST. PAUL, Nov. 28.—Fire yesterday evening completely destroyed the large elevator of the St. Paul Warehouse and Elevator company, situated on Third street. The blaze started shortly after 6 o'clock and the firemen had a hard fight for nearly three hours, the extremely cold weather and high wind greatly hampering their efforts to subdue the flames. The elevator contained 100,000 bushels of oats, all of which were destroyed. The loss will be fully \$80,000, partly covered by insurance.

A Tennessee Execution.

NASHVILLE, Nov. 28.—Frank Johnson, colored, was hanged at Columbia yesterday for the murder of Austin Rye, whom he killed on Aug. 1 and afterward robbed of \$5. Johnson confessed his guilt and expressed sorrow for the deed. The hanging was private, being witnessed only by the jail officials, physicians and representatives of the press.

Cleveland's Future Home.

PRINCETON, N. J., Nov. 28.—President Cleveland has purchased the former residence of Mrs. Slidell on Bayard avenue, this town, and after the expiration of his term of office he will make Princeton his permanent home. The purchase price is said to be between \$30,000 and \$40,000.

Featherweight Fight.

NEW YORK, Nov. 28.—Frank Erne of Buffalo last night won the title of featherweight champion of the world by being awarded the decision in a 20-round contest with George Dixon, the clever colored boy, who has for so long held undisputed claim to that pugilistic honor.

INDICATIONS.—Clearing and generally fair weather; decidedly colder with a cold wave; brisk to high north winds.

IT is to be hoped Captain J. E. Bryant, of Ashland, will soon receive some office at the hands of the Republicans. Since he was turned down by the Democrats and left the party, he has been continually trying to work the g. o. p. for some nice fat position.

THE Covington Commonwealth very truthfully remarks that "when Republicans in Boston are cheering Cleveland and the Democrats of New York are celebrating by banqueting and speech-making the election of McKinley it is hard for an old time, dyed-in-the-wool Democrat to tell where he is at." Is the millennium coming?

EVER since the election, the gold Democrats and their organs have been advocating keeping up the fight and maintaining their organization. Now they raise a howl because the Democratic State Committee has resolved that the bolters shall not be permitted to take part in coming primaries and conventions. What are they kicking about?

For U. S. Marshal.

Says the Frankfort correspondent of the Louisville Commercial: "There are now two applicants for the position of United States Marshal of Kentucky. Capt. Tom Forman, of Mason county, on the race yesterday. He was Captain of the Second Kentucky cavalry during the war. The captain has many warm friends throughout the State who wish him success. He was an applicant for Marshal during the Harrison administration."

THE BIBLE SOCIETY.

Annual Meeting of the Maysville and Mason County Auxiliary Sunday Night, December 6th.—The Late Jas. Barbour.

The annual meeting of the Maysville and Mason County Auxiliary of the American Bible Society will be held Sunday night, December 6th.

At the meeting of the Executive Committee Friday afternoon arrangements were made to hold the meeting at the Christian Church, and, by invitation of the committee, Rev. S. D. Dutcher will deliver the address.

All the churches in this city and county that are members of the auxiliary are urged to take a collection for the Bible cause at the morning service on December 6th, or some time previous to that date, and report either to Mr. John C. Pecor, Treasurer and Depositary, or at the annual meeting of the society, as above.

The following memorial was unanimously adopted by the Executive Committee:

We are called on to record the death since our last annual meeting of Mr. James Barbour, who had been prominently identified with this society from the date of its reorganization in 1852 up to the date of his death, a period of forty-four years. It is not difficult to say that no member of the society in all those years, by private contribution and personal work, rendered more efficient service to the society, as an examination of the minutes will show. For a great many years he was the Secretary of the society and afterwards for many years the President. As a recognition of his services, Dr. Geo. S. Savage, the venerable agent of the parent society who knew of his active interest in the work, recommended his election as a life member of the American Bible Society which was done in 1895. Let our records perpetuate his memory.

Gloom

Of ill health, despondency and despair, gives way to the sunshine of hope, happiness and health, upon taking Hood's Sarsaparilla, because it gives renewed life and vitality to the blood, and through that imparts nerve strength, vigor and energy to the whole body. Read "Hood's Sar helped me changed sickness to health, gloom to sunshine. No pen can describe what I suffered. I was deathly sick, had sick headaches every few days and those terrible fits, despondent feelings, with heart troubles so that I could not go up and

down stairs without clasping my hand over my heart and resting. In fact, it would almost take my breath away. I suffered so I did not care to live, yet I had much to live for. There is no pleasure in life if deprived of health, for life becomes a burden. Hood's Sarsaparilla does far more than advertised. After taking one bottle, it is sufficient to recommend itself." MRS. Postmaster, Mayfield, Ky.—Sir: The returns of ordinary unlabeled domestic letters from your office to the Dead Letter Office for the year ended June 30, 1896, show a decrease of 75 over the preceding year, while the amount of mail handled by your carriers was much larger than that of last year.

This is very gratifying to the department, as it indicates great care in the delivery of mail matter at your office.

You will please continue to give this matter your special consideration and endeavor to have this decrease duplicated, or exceeded, if possible, during the ensuing year. Respectfully,

HOW MANY young men and young women are cut off just as the future seems brightest and full of promise! They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no reason in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and be cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where the disease has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 98 per cent. of all cases of consumption if used according to directions. It also cures all lingering coughs, bronchial and throat affections. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1000 page Common Sense Medical Adviser, Illustrated.

SPECIAL inducement to early buyers of Christmas goods. Select your X-mas presents now, and have a choice of selection to early buyers. We are offering special inducements. P. J. Murphy the jeweler's stock was never as large.

Shaw, the gentlemanly bagagemaster on the C. & O.'s Maysville accommodation, found the box on the railroad track in front of the coal elevators and left it at the St. Charles Hotel, where it was turned over to Mr. Guilfoyle and Mr. Davis.

SURE to WIN. The people recognize and appreciate real merit. That is why Hood's Sarsaparilla has the largest sales in the world. Merit in medicine means the power to cure. Hood's Sarsaparilla cures—absolutely, permanently cures. It is the one true blood purifier. Its superior merit is an established fact, and merit wins.

Hood's Pills are easy to take, easy to operate. Indigestion, headache.

LOVING TRIBUTES,

to the Late Rev. C. S.
Lucas.

Demonstrations of Affection For a Dead
Pastor Such as Are Rarely Witnessed.

[Pittsburg Commercial Gazette November 23rd.]

There was a great demonstration of affection for a beloved dead man at a funeral in Allegheny yesterday. Women fainted and some violent exhibitions of grief were witnessed.

Nearly 5,000 people filed by the coffin in which the remains of the late Rev. Chapman S. Lucas lay in state in the First Christian Church yesterday afternoon and looked for the last time upon the face of him who had been a pastor or friend. Such a tribute to the worth of a minister of the Gospel had never before been seen in that city. At 3 p. m. the body of the late pastor was borne by the official members of the congregation into the church where he had twice preached on the preceding Lord's day and placed in the aisle before the pulpit platform.

At the conclusion of the funeral services the friends of the deceased were afforded an opportunity to view the remains. The immense audience present headed a procession which continued to pass by the open coffin almost without interruption until the remains were removed from the church at 8 p. m., and transferred to the limited train of the Baltimore and Ohio R. R. to be transported to Maybrook, Va., for interment. A pall of sorrow hung over the crowds which thronged the church, and indeed over the city where the deceased pastor had lived and labored.

Three o'clock was the hour fixed for the funeral services, and long before that hour 1,500 people had taken possession of the spacious church at Montgomery avenue and Arch street. Still they came from all quarters of the city. They packed the aisles of the auditorium, gathered in the vestibule and the line of anxious people seeking admittance soon extended down the stairways and out into the street. After the service had been commenced hundreds stood in the street waiting for the conclusion that they might see the face of the deceased once more.

A committee of ministers left the platform, and going to the front of the building assured the crowd that entrance to the church was impossible, but that it would be kept open until 8 p. m., and all would be admitted before the removal of the remains. This had the effect desired and thousands went away to return later.

Within the building the scene was unique. The auditorium was literally packed with humanity. Many were overcome by the stifling atmosphere and one after another was removed from the building unconscious. One lady was carried over the platform and down the narrow steps leading from the lower story, it having been found impossible to remove her in any other way. The church had been crowded many a time by audiences gathered to hear the eloquent words of Mr. Lucas, but no such crowd was ever within its walls as forced its way in yesterday.

The auditorium of the church was appropriately draped and magnificent floral decorations testified the esteem in which the deceased minister had been held. Prominently displayed on the pulpit platform was a "vacant chair," artistically formed of the choicest flowers and on the opposite side of the desk stood a larger floral representation of "Heaven's gate." This was suggested by the fact that Mr. Lucas had partially prepared for delivery last night a sermon of which "Heaven's Gate" was the theme. The coffin in which lay the remains of the deceased was covered with flowers.

On the platform were many ministers of the Christian Church and other ecclesiastical bodies. The services were in charge of Rev. A. B. Abbott, of Baltimore, a brother-in-law of the deceased. "Gathering Homeward From Every Land" was sung by the choir at the opening of the services and was followed by the reading of Scripture selections by Rev. Mr. Abbott, beginning with Psalm xc. Rev. T. E. Cramblett, of the East End Christian Church, offered a touching prayer and Prof. Filmore followed with a solo, "One Sweetly Solemn Thought."

Rev. J. H. Craig, of the Shady Avenue Church, Allegheny, made the first address, taking as his theme "The Relationship of the Deceased to His Brother Ministers." He spoke of him as considerate, kind and gentle; a man who always considered the surroundings of a fellow minister and was slow to condemn him. He said that to all ministers he was a friend, brother, father, teacher. He had been well equipped for the work of the ministry and had always been

ready to give a reason for the faith within him.

Rev. O. H. Phillips, of the Braddock Church, spoke of the deceased "as a citizen." He said he never posed as a "reformer," in the common acceptance of that term. He had preached vigorously against personal and national sins, but never advocated coercion as a remedy for these evils. He had believed tremendously in the power of the Gospel among the men to make a clean order of citizenship, and that when it should come to exert its proper power over men it would be found to be the great purifier. This was the secret of his life as a citizen.

Rev. F. F. Bullard, of Greensburg, spoke of Mr. Lucas "as an evangelist" and told of his successes in that line during the thirty-three years of his active ministry. He had organized many congregations and he numbered his converts by thousands. In a style peculiar to himself he had preached the Gospel with wonderful effect.

The choir song "Jesus My All," which had been a favorite hymn of the deceased, and Rev. Mr. Abbott delivered the principal address of the occasion. He spoke of the intellectual greatness, moral grandeur and Christ-like spirit of the deceased. His life, he said, should be measured not by years, but by his deeds. He spoke at length of the Mr. Lucas as a model minister, pastor and man. He had a passion for preaching, he said, and at last was a martyr to it and literally laid down his life for his brethren. Intellectually he was great, and should be classed as a broad preacher. As a pastor his motto had been "Work on earth and rest in heaven." He visited the homes of his people and knew their wants. He was intensely sympathetic and absolutely impartial. As a man he had been fearless, but humble. He had been on his knees before God all his life. Unselfishness was a striking characteristic of the man.

Following this address the congregation sang "Nearer My God to Thee," and the members of the church and friends took leave of their late pastor and friend. There were many touching demonstrations of affection and some violent demonstrations of grief. The service lasted over two hours and will long be remembered as the most memorable occasion of the kind in the history of the city.

FOR CONTEMPT.

Judge Barr Gets After a Prominent Mt. Olivet Lawyer—The Burke Estate.

[Courier Journal, November 25th]

Judge Barr issued a rule for contempt in the United States Circuit Court yesterday morning against O. S. Deming, of Mt. Olivet, Ky., for the reason that the defendant failed to turn over the money due the heirs of an estate of which he is the administrator. The rule was at once served, Judge Deming being in court. He immediately filed a response, in which he sets forth the reasons for not paying the money.

The amount involved is \$8,000. Judge Deming in the response says he was unable to sell a certain piece of property, with the proceeds of which he was expecting to pay off all the claims of the heirs. On his motion the rule was respite until December 12, at which time it will be disposed of.

The rule grew out of one of the most famous cases ever brought before the United States Courts in this State. The litigation started over the death of a German, who lived in Robertson County and who was commonly known as "Dutch Henry," but who was ordinarily known as Henry Burke. He was killed in a difficulty at a tollgate July 15, 1886. He was supposed to have a large estate. He had no heirs in this country, and his only sister, who was in an almshouse in Germany, employed W. A. Sudluth to bring the suit to recover the estate for her. There were nine claimants to the estate, and after a long litigation a decree was rendered in the United States Court in favor of Anna Maria Wenningmann, who was the only sister of the deceased. Since that time there has been an effort to settle with the administrators and get all of the personal property. The total value of the estate was over \$30,000, but the balance in the hands of O. S. Deming, who was yesterday ruled by Judge Barr, was over \$8,000.

Judge Barr admonished Deming that if the money was not forthcoming on the day appointed he would use the extraordinary processes of the court to compel its payment, which means that he would imprison him until the money was paid. This is a very unusual proceeding, but one that is perfectly authorized by the chancery practice, which governs the United States Court. The case has been pending in the courts for more than ten years, because of the difficulty of getting the settlement with the administrators.

The Men's Rally Sunday Afternoon—Address by Presiding Elder G. R. Frenger, of the M. E. Church.

The chances are most favorable for a typical November Sunday, one of those dreary, sombre days best calculated to give all the blues. Now in planning how you will spend the day just stick a pin in this proposal and we guarantee you will not be in that despondent class,—ill-natured, morose and disagreeable. You want a cheery, warm place in which to sit while you engage in reading some choice article which shall serve you in two ways, make you better and brighten your mind. You need companionship of a nature which quickens your hearts to warm impulses, stirs up your soul to nobler deeds. You most of all want enjoyment and recreation, that spice and energy which rouses every attribute in a man and causes him to live a life worthy his pattern and Maker. Now such surroundings can be found in the Y. M. C. A. quarters and the hour for such a feast to be spread is from 3 to 4 o'clock Sunday afternoon. Come to the men's rally; try it once and be convinced. J. B. Orr will conduct the services, while an address will be given by Presiding Elder Frenger. Remember the blues.

MARVELous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50¢ and \$1.

DRUNKEN RIOT.

Three Men Fatally Shot and Several Others Seriously Wounded.

PITTSBURG, Pa., Nov. 28.—Three men were fatally shot and several others more or less seriously wounded in a drunken riot at Duryea, early yesterday morning.

The dead are:

James Motsli, shot in the abdomen; died almost instantly.

Frank Lambert, shot in the breast three times; died a few hours afterward.

John Betts, was shot in the leg and can not recover.

The injured are:

John Toy, shot in the thigh.

William Mockens, shot in the side.

Two Polanders, names unknown, wounds slight.

Duryea is a small mining village three miles north of Pittston, and there is a large colony of foreigners there who work in the mines. They celebrated Thanksgiving day principally by drinking, and the tavern of Anthony Palley was their headquarters. As the day grew older and the miners grew drunker trouble began to brew, but nothing serious occurred until late at night. Respectable residents of the town declare that the night was a veritable reign of terror in which it was unsafe to be at large, and the assertion is made that fully a score of men were held up and robbed at pistol points in various sections of the place.

The shooting occurred about 3 o'clock yesterday morning and the story of its origin told by Palley, the tavernkeeper, is the only one yet heard. He says that a number of Polanders were drinking in his place when a party of young Americans entered. After much drinking they began to taunt the foreigners. This led to a quarrel, in which the Americans assumed the aggressive, and set upon the Polanders with canes. The first blow, which had no sooner been struck, than the foreigners drew their guns and bullets began to fly. The Americans replied. The shooting was so general and promiscuous that it is impossible to tell who fired the fatal shot.

Lambert was carried away by his friends and Motsli and Betts were found on the floor when the fusillade was over. The two wounded Polanders were taken to their homes where their wounds were dressed.

The police started an investigation and have arrested Palley, the saloonkeeper; his bartender, William Cosgrove; James Ryan, James Brady, J. Clark, Samuel Barclay, J. Flood and Alexander Wilby. They are charged with being the ringleaders in the riot.

While they were being taken to Pittston, Barclay and Flood escaped from the constable and fled to the mountains.

NOT ALTOGETHER SATISFIED.

Window Glass Plant Starts Up Paying the Old Wages.

GAS CITY, Ind., Nov. 28.—The American window glass plant began operations yesterday, and while there is a feeling of disappointment among the glass blowers that an increase of the wage schedule was not brought about, there is much satisfaction over a renewal of work.

It is said that President Burns is much disappointed over the action of the wage committee, as he is confident that if the glass workers had stood out until Dec. 14, the time agreed upon for a general resumption of manufacturing, the manufacturers would have been forced to grant the advance demanded.

Hurled Around a Shaft.

GREENSBURG, Ind., Nov. 28.—While Roy Favors, 14 years old, was manipulating the "crabs" on a derrick he was caught in the machinery and was whirled around a shaft, finally falling

RACE RIOT.

Armenians and Greeks on One Side and French Canadians on the Other.

LOWELL, Mass., Nov. 28.—There was a riot in this city yesterday between Armenians and Greeks on one side and French Canadians on the other, as a result of which one Greek had his head badly cut with a briar. Nine arrests were made by the police.

The trouble was the outgrowth of the displacement of French Canadian operatives in the Tremont and Suffolk cotton mills by Greeks and Armenians, who were hired at lower rates of pay than the others had been receiving.

The injured Greek was carried away by his comrades before his name could be learned.

Miss Alice Hicks, one of Maysville's charming young ladies, is the guest of Miss Bertha Craig.

Miss Bertha Craig, Messrs. George Baudle, Ira Craig and John Pollitt spent Thanksgiving with their many friends in Maysville. They returned on the 6 o'clock train Thursday night.

Quite a sad accident happened here Thursday to a colored boy who was hunting with Mr. Joe Witmeyer. They were attempting to cross a very deep hollow when Mr. Witmeyer slipped and fell, discharging the gun. The shot took effect in the hand of the negro boy, entering the back and passing out the palm. The boy was brought to town and Drs. Bradford and Mannion were summoned to dress the hand. They found that several bones were broken.

GOOD NEWS FOR MINERS.

Those in the Pittsburgh and Ohio Districts Will Get an Advance.

PITTSBURG, Nov. 28.—The railroad miners of the Pittsburgh district will get the advance they have asked for without trouble. The operators generally have agreed to pay the 60-cent rate after Dec. 1, and a meeting will be held next Monday, presumably to ratify this agreement.

The advance in this district will carry with it a similar increase in the Ohio region. It is believed the New York and Cleveland Gas Coal company will maintain the same rate that they have been paying since the latter part of last January.
